Melinda Fawver / Shutterstock.com

Nicknamed "The Village by the Sea," Carlsbad enjoys seven miles of tidy, uncongested beaches along the Pacific coastline. This makes it perfect for swimming, sunbathing and surfing, all paired with a mild climate. Furthermore, Carlsbad has three lagoons, a lake, an aquarium, museums and shopping districts. As if that was not enough, the town's proximity to San Diego and Los Angeles provides a multitude of additional options within a short drive.

THE CITY

Lowe Llaguno / Shutterstock.com

In the late 18th century, Spanish explorers arrived in the area that is now Carlsbad. Until that point, the Luiseños, as the Spaniards had named them due to their proximity to Mission San Luis Rey de Francia, inhabited the area. Spain continued to build missions and dwellings to maintain the area until Mexico won its independence in 1821, taking control of what is now California and other lands. The land changed hands a few times, and, shortly after the 1848 Treaty of Guadalupe Hidalgo, the Arizona Eastern Railway opened up access to the now Carlsbad area.

The area continued to grow in population, agriculture, tourism and amenities. The city organized its chamber of commerce in 1922 and a few years later Carlsbad had a newspaper, school district and theater, among other improvements. Camp Pendleton to the north provided another population boom with veterans of World War II returning from overseas and settling in the area. The area's continued growth resulted in incorporation in 1952.

Carlsbad is a seaside city named after a Bohemian spa town in the Czech Republic. Its boundaries are full of businesses from which to browse and shop, eateries that circle the globe (from nostalgic food carts to immaculate five-star

restaurants) and attractions both natural and man-made.

DO & SEE

Olena Yakobchuk / Shutterstock.com

For an area just over 39 square miles, the amount of time it would take to fully explore the Carlsbad area is astounding. From hundreds of attractions to shopping of all types and bustling beaches to quiet lagoons, Carlsbad is a vacation spot that is more than just a "Village by the Sea." See below.

Legoland California

Over 22,000 builds and 57 million bricks make up the park's collection of models ranging from a full-scale Star Wars "X-wing" to miniatures of many U.S. cities. With rides, shows and restaurants, Legoland California is 128 acres of family fun.

Tamarack Beach

For a family-friendly, easily accessible beach, Carlsbad State Beach, also known as Tamarack Beach, is a safe bet. With spaces proper for many aquatic activities, accessible picnic areas, restrooms, showers and water fountains, this beach and nearby campground, are a great option for anyone hoping to enjoy the Carlsbad coastline.

Address: Carlsbad Boulevard & Tamarack Avenue, Carlsbad

Terramar Beach

If mild seclusion and stellar surf are high on your list of beach requirements, Terramar is for you. With soft sand and small, delicate reefs, this piece of coast produces wonderful waves. Due to the limited visibility of the access, this may be one's best chance for a quiet day enjoying the beach. Be sure to arrive prepared for the time you plan to spend, as there are no restrooms or nearby stores.
