Minneapolis is a city on the rise. Situated on the banks of the Mississippi River, it is rumored that iconic American writer Mark Twain was the first to assign the name 'Twin Cities' to Minneapolis and neighboring city St. Paul. Just as other large cities, it can be called a metropolis and proves that to you by fulfilling all your wishes. Spend an entire week shopping, finding all the popular brands and some local ones, or go on a pub crawl and discover every high-quality bar the city has to offer. Don't forget that Minnesota also has amazing nature to show you, and tours are gladly offered to you!

THE CITY

saraporn/Shutterstock.com

Minneapolis is Minnesota's largest city and the 48th-largest city in the United States with a population of over 380,000. The Minneapolis-Saint Paul region, which includes 182 cities and townships, has a population of over 3 million and is the 16th-largest metropolitan area in the nation.

Known as the "City of Lakes"-it has 20 in all-Minneapolis also sits on the banks of the Mississippi River and has an abundance of wetlands, creeks, ponds, and the Mississippi River's only waterfall, St. Anthony Falls. Water is not the only natural resource that one may find in the city. This city spotted with forests once supporting a thriving timber industry, is also home to one of the nation's greatest parks systems. Minneapolis contains 770 square feet of park space per resident.

In addition to cherishing its natural beauty, Minneapolis has celebrated a diverse cultural heritage, from its earliest inhabitants the Dakota Sioux to the immigrants that have come to city over the years from France, Germany, Norway, Sweden, Denmark, Finland, Latin America, Italy, Greece, Poland, Japan, China, Korea, Vietnam, Laos, Cambodia, and Thailand. Minneapolis also has the largest Somali population in North America, and it is ranked fourth among U.S.

cities in the percentage of gay, lesbian, or bisexual people in its adult population as of 2006.

Today, Minneapolis is an economic, educational and cultural hub of the Midwest. There are five Fortune 500 companies headquartered in Minneapolis, which gives it the fifth-highest concentration of Fortune 500 companies among U.S. cities. It is also home to the University of Minnesota, which has the fourth-highest enrollment for a four-year public university in the U.S.; three private four-year colleges; and several other institutions of higher learning.

Minneapolis residents also value the arts. The city is full of beautiful architecture and is home to several art museums, including the Walker Art Center, one of the nation's major modern art museums, and the Minneapolis Institute of Arts, the largest museum in the city. There are also several performing arts groups, and the largest non-juried performing arts festival, the Minnesota Fringe Festival, is hosted by the city each year. Music is everywhere you turn. Catch a performance by the Minnesota Orchestra at Orchestra Hall or turn into a number of local clubs to hear what Minneapolis' music scene has to offer. Legendary musician Prince, as well as bands Hüsker Dü and The Replacements are natives of Minneapolis.

You may have to make more than one trip to Minneapolis to take in all of the sights, meet all of the people, and eat all of the delicious food that you would like.

DO & SEE

Phil Roeder (image cropped)

With 18.3 million visitors to the city's metro area each year, Minneapolis has become one of the most visited US destinations thanks to attractions such as world-class museums and galleries, a vibrant night-life and a shopping mall so large it even has its own postcode!

Minnesota Zoo

Explore Minnesota's exciting zoo and see over 2,700 animals for yourself in their 'natural' environment. Be sure to experience the Discovery

Bay aquarium center, which is made up of a maze of underground tunnels and walkways, where you'll be able to see some of the greatest wonders of the deep close-up.
