mayakova/Shutterstock.com

Punta Cana is located right on the easternmost region of the Dominican Republic. The name of the stunning resort is originated from the cane palms in the area and it has been popular as a holiday resort among tourists for decades. Travelers can enjoy white sandy beaches with palm trees around and furthermore, the crystal clear water stretches out to 32 km long beaches - surrounded by the Caribbean Sea and the Atlantic Ocean.

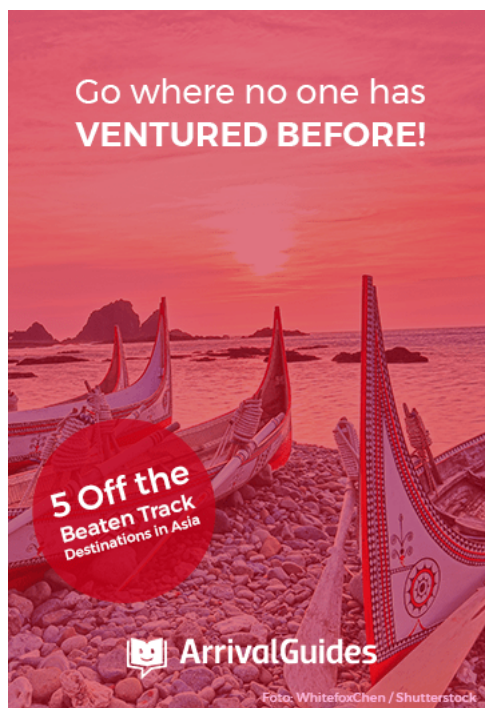

Punta Cana is one of the most stunning areas of the Dominican Republic and officially owns one of the best beaches of the world!

THE CITY

Vlad G/Shutterstock.com

Whether you're looking for a second honeymoon, a family vacation or just some fun in the sun, Punta Cana in the Dominican Republic has everything to make your perfect getaway. Being the heart of tourism in the DR, you'll never be far from white sand beaches and something to do or see!

Punta Cana is one the Caribbean's premiere golf retreats, featuring dozens of courses, some of which were designed by the world's most renowned PGA pros. After 18 holes, find refuge in one of Punta Cana's many casinos for a beverage and a hand of cards.

Families will love natural attractions filled with the beauty of the Caribbean. Head South to Explore Indigenous Eyes Ecological Park or the natural spring Hoyo Azul. With all of the great sights and spots near your resort, it can be easy to miss out on all the Dominican has to offer. Take some time to get lost in the culture and enjoy hand-rolled cigars, flavorful rums, and locally grown coffee.

LA ROMANA

mikolajn/Shutterstock.com

La Romana is home to the impressive Casa de Campo resort, which happens to also contain one of the settlement's primary tourist attractions - a model village designed to imitate those of 16th-century Europe, containing a colossal amphitheater, archaeology museum, and offering some of the best views over the iconic Rio Chavon valley. Beaches, active pursuits on land and water, and the region's most diverse array of dining establishments are some of La Romana's major draws. Catalina Island (just off the coast) makes for an excellent half-day trip.

Altos de Chavon

Altos de Chavon is, perhaps, a rather unlikely attraction for the Dominican Republic - it is a recreation of a 16th-century

Mediterranean village (adjacent to the Casa de Campo resort), complete with dining, shopping and entertainment. There is an on-site Grecian-style amphitheatre that plays host to major performances and concerts, and views over Rio Chavon from here are spectacular, too.

Rio Chavon

Eternalized in multiple motion pictures, the Rio Chavon and its surrounding valley are a definitive must-see. Take a cruise or join a guided

Rio Chavon Jungle tour with one of the many local companies offering the service, or take in the area in its entirety from atop Altos de Chavon.

Cueva de las Maravillas National Park

Approximately 800 meters below the ground lie the ancient las Maravillas caves, whose age is estimated to be somewhere around

100,000 years. The caves are now open to the public, and an option of taking the elevator back up exists for those not thrilled about the upwards climb. See stalactite and stalagmite formations, wall pictographs, and even local fauna (iguanas).

Public Transport

The public bus system covers both Punta Cana and Bavaro and it is low cost but tricky. Bus stops are not clearly marked and you can hail a

minibus (Guacas) anywhere, that's why it is recommended to tell the driver in advance where you want to get off.

Tickets can be purchased on boards.

Photo: Pierre-Luc Auclair

Taxi

Taxis and shuttles are commonplace and can be found most everywhere you want to travel to. Don't forget that many attractions will provide

free transit if you call ahead or get your resort's travel desk to book for you.

Taxi services in Punta Cana are safe and common, but make sure to set a price before taking a ride. You can book a taxi at hubs at the airport and at most resorts, shopping venues, and attractions. They have fixed rates, which are displayed on a white board in the outer arrivals hall.

Post

A post office is located at Punta Cana Airport, selling postcards and stamps. Dominica Republic's postal service is not renowned for its

efficiency, and post can take a few months to reach its destination.
